

**Amendments to the Specification:**

Kindly insert the below section heading and sentence before the first sentence of the specification.

**CROSS-REFERENCE TO RELATED APPLICATIONS**

This application is a continuation of U.S. Application No. 10/166,190, filed June 11, 2002 (now U.S. Patent No. RE39,091), which application is a continuation of U.S. Application No. 09/519,331, filed March 7, 2000 (now U.S. Patent No. 6,253,515), which application is a continuation-in-part of U.S. Application No. 08/603,243, filed February 20, 1996 (now abandoned).

Kindly delete the first paragraph of the specification which reads:

[This invention relates to an improved building panel, as well as a method and apparatus for producing the building panels, and in particular to concrete building panels for exterior use on buildings. This new cladding system is a radical departure from any commonly used systems.]

Kindly insert the below paragraph under the first heading, FIELD OF THE INVENTION, of the specification:

This invention relates to an improved building panel, as well as a method and apparatus for producing the building panels, and in particular to concrete building panels for exterior use on buildings. This new cladding system is a radical departure from any commonly used systems.
